Slice of PiE

A note from PiE

We ended our after-school enrichment program on March 12th. Thank you to all our instructors & volunteers who led amazing 29 classes for two days a week for over 300 students! Our students had an amazing time building, creating, dancing and more! A huge thank you to Dawn MacDonald, Jennifer Holden and Kasandra George for coordinating this year's program.

All our programs, including these four weeks of after school enrichment, are only made possible by YOU. Program fees and sponsorships are critical for our organization to be able to offer everything we do, and we could not do it without the generosity of our families and community. THANK YOU!

While we don't have much planned for April, we will finish the school year with many events planned for May & June! Keep an eye out on our website, social media & more for updates!

Happy Spring!
The PiE Executive Board
